

# YOU DESERVE TO BE TREATED RIGHT

There is truth to the old adage that prevention is better than cure. But for preventive care to be effective it needs to be timely and thorough. The state-of-the-art Vienna Medical Center, conveniently located near Vienna General Hospital, guarantees that you receive the treatment you need – when you need it – and empowers you to stay on top of your health.

## THE DOCTOR WILL SEE YOU NOW

At the Vienna Medical Center, you no longer have to suffer crowded waiting rooms or navigate Vienna's labyrinthine public health care system. Instead, you can easily take control of your health and well-being thanks to Zmed's wide range of benefits:

- Comprehensive medical check-ups include a full clinical examination, a radiological ultrasound exam, a cardiac exam along with a spectrum of laboratory tests, if needed.
- An extensive network of national and international specialists ensures the best available treatment right here at the Center.
- Our multilingual staff arranges appointments that suit you, provides accurate cost estimates and advises on insurance issues.
- The patient data management system, stores your up-to-date medical records and medical imaging data and is connected to Vienna General Hospital's system.

## MEDICAL LEADERSHIP THAT BELIVES IN HOLISTIC CARE

The Vienna Medical Center is led by Dr. Michael Zimpfer, MD, MBA, a full professor at the Vienna General Hospital, with a professional background in anaesthesiology, critical care and training in cardiology and outstanding specialists from all associated fields on hand at short notice. Dr. Zimpfer prides himself on his hands-on approach, taking the necessary time to provide holistic solutions to his patients' medical concerns. A specific area of interest is pain management, and the importance minimally invasive treatments have in improving general health.
